Information

The City Of Wauwatosa hired 2 full time Youth Mental Health Social Workers to assist youth in Wauwatosa through partnerships with the Wauwatosa School District and private local schools. The Social Workers will be available to assist with mental health and resource needs. Referrals can be made by schools, families, and youth. The Social Worker is able to meet with individuals to assess needs, make referrals, and maintain follow up contact with youth, families, and schools when needed.

FOCUS AREAS

WITHIN SCHOOLS AND THE COMMUNITY:

- Depression
- Self- Harm and Suicidal Ideation
- Anxiety and Stress
- Bullying and Self- Esteem
- Conflict Resolution and Anger Management
- Class Disruption and Crisis Intervention
- Verbal Threats or Aggression

This is just a list of some focus areas. The Social Workers will be available to discuss scenarios or situations when needed. The Social Workers will help to link the youth and families with school and outside of school resources when needed.

Resource Needs

The Social Workers will help to provide resources regarding :

- Long term mental health care
- Acute mental health care during crisis situations
- Reporting abuse and linkage to resources for help with different stressful scenarios
- Education needs
- Basic needs linkage
- Available to consult regarding any other situations that an individual needs help with
